

PRE-SCHOOL

End of Year Concert 2023

Hair & Costume Info

We're so excited for our End of Year Concert - this is the highlight of our dance year!

If this is your first concert with us we can't wait to show you how fun and relaxed, yet professional, our End of Year Concert is, giving all our students the opportunity to perform on stage, build confidence and show you the dances they've been learning in class. But what really makes our concerts different? We put our families first with no extra rehearsals, no extra costume hire fees, no performer fees and no stage make up. The only time you will go to the theatre is on the concert afternoon, Friday 1st December, arriving by 4:45pm for a 5:30pm start time.

All students will perform at least 3 times on stage - the opening dance (all students), their class dance and the finale dance (all students).

DOES MY CHILD NEED A TICKET?

Pre-school students who are 3 & 4 years old are seated in the audience between their 3 dances and require a complementary ticket (free of charge). Pre-school performers do not leave your sight and do not go backstage at any time. We have reserved the first 2 rows of seats for Pre-school performers and their families and will send you the code to add their complimentary "Pre-School Performer" ticket to your ticket order.
